

A comprehensive approach to caring for pregnant, postpartum and parenting women with substance use disorders

Join us at this statewide conference to learn best practices, clinical pearls, and the available resources required to provide comprehensive care for pregnant, postpartum and parenting women with substance use disorders (SUDs).

This event is free to all OB/GYN providers and care teams in Massachusetts.

WHEN:

Thursday, June 14, 2018

Registration: 7:30AM

Conference: 8:00AM – 4:30PM

WHERE:

Sheraton Needham Hotel

100 Cabot Street

Needham, MA, 02494

CONTACT:

Lexie Bergeron

lexie.bergeron@bmc.org

A maximum of 7 continuing education hours will be provided for providers, nurses and social workers.

The application to award contact hours has been submitted to ANA, Massachusetts. ANA Massachusetts is accredited as an approver of nursing continuing education credits by the American Nurses Credentialing Center's Commission on Accreditation

Boston University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Boston University School of Medicine designates this live activity for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This event is funded by grants from the Substance Abuse Mental Health Services Administration to the Massachusetts Department of Public Health, Bureau of Substance Addiction Services

Conference Highlights:

Keynote Address by **Mishka Terplan, MD, MPH, FACOG, FASAM**, Professor of Obstetrics and Gynecology, and Psychiatry, Associate Director of Addiction Medicine, Virginia Commonwealth University

CME Course Director: Daniel P. Alford, MD, Boston University School of Medicine

At the conclusion of this activity, participants will be able to:

- Assess substance use in pregnancy using validated screening tools
- Describe how trauma impacts patient-provider interactions
- Recall best practices for care of the mother/infant dyad while receiving inpatient care
- Identify services targeted to pregnant, postpartum and parenting women with substance use disorders
